INTEGRATED ACCESSIBILITY STANDARDS: GENESCO'S MULTI-YEAR ACCESSIBILITY PLAN TO PREVENT AND REMOVE BARRIERS TO ACCESSIBILITY

About the Accessibility for Ontarians with Disabilities Act, 2005

In 2005, the government of Ontario passed the *Accessibility for Ontarians with Disabilities Act, 2005* ("AODA"), which requires that Ontario achieve accessibility for persons with disabilities by 2025. Public, private and non-profit organizations have obligations under the AODA to help make Ontario accessible. To guide organizations through that process, the AODA contains accessibility standards that assist organizations in the identification, prevention and removal of barriers to accessibility for persons with disabilities. The AODA contains accessibility standards in a variety of areas, including:

- Customer Service
- Information and Communications
- Employment
- Transportation
- Design of Public Spaces

The AODA and its standards are not a replacement or substitution for the requirements of the *Human Rights Code* (Ontario).

On July 1, 2011, the Integrated Accessibility Standards (Ontario Regulation 191/11) came into force. The regulation establishes standards to address barriers that persons with disabilities face in the areas of employment, information and communications, transportation and built environment. As a large, private sector organization, Genesco has obligations under the Integrated Accessibility Standards that come into effect on a rolling basis.

Genesco is committed to meeting its obligations under the AODA and its regulations. In many cases, Genesco has already developed practices that bring our company into compliance with the requirements for large organizations ahead of schedule.

About this Document

Genesco's Multi-Year Accessibility Plan (the "Plan") is a road map for our path to increased accessibility as a company. The goal of the Plan is to provide the action steps that bring life to Genesco's Integrated Accessibility Standards Policy and Commitment Statement. This document describes:

- how Genesco will meet accessibility requirements within the Integrated Accessibility Standards' mandatory timelines,
- how Genesco will address current accessibility barriers in our organization, and

• how Genesco will identify and remove future barriers.

The document is organized in chronological order. It identifies the different standards applicable to Genesco and the dates on which compliance with each standard is required. It also provides information regarding Genesco's progress to date with respect to each standard. Over time, this document will be updated with information that reflects the practices and procedures that Genesco has adopted throughout the compliance process envisioned by the Integrated Accessibility Standards.

Genesco is committed to reviewing the Plan at least once every five years. Genesco will prepare and file an annual status report on the progress of measures taken to implement the strategy outlined in our Plan and post the status report on our website. Status reports will be made available in an accessible format upon request.

Applicable Integrated Accessibility Standard	Detailed Standard	Implementation Date	Actions	Status
Employment	Emergency Procedure, Plans or Public Safety Information – s. 13	By January 1, 2012	Genesco has emergency response procedures, plans and public safety information that it makes available to the public. Upon request, Genesco provides or arranges for accessible formats and communication supports for persons with disabilities in a timely manner that takes into account each person's accessibility needs due to disability and (if applicable) at a cost that is no more than the regular cost charged to other persons. Genesco consults with the person making the request for an accessible format or communication support for the procedures, plans and public safety information when determining the suitability of an accessible format or communication support.	Ongoing compliance.
Employment	Individualized Workplace Response Information – s. 27	By January 1, 2012	Genesco provides individualized workplace emergency response information to employees with disabilities where the disability is such that individualized information is necessary and Genesco is aware of the need for accommodation.	Ongoing compliance.

			In the event that an employee who receives individualized workplace emergency response information requires assistance, Genesco designates a person to provide assistance and, with the employee's consent, Genesco provides the workplace emergency response information to the person. Genesco provides workplace emergency response information as soon as practicable after learning of the need for accommodation due to an employee's disability. Genesco reviews individualized workplace emergency response information, at minimum, whenever: • the employee moves to a different location within Genesco, • the employee's overall accommodation needs or plans are reviewed, or • Genesco reviews its general emergency response policies.

		that is generally available to other employees. In determining the suitability of an accessible format or communication support, Genesco will consult with the employee making the request.	
Documented Individual Accommodation Plans – s. 28	By January 1, 2016 on	Genesco will develop and maintain a written process for the development of documented individual accommodation plans for employees with disabilities.	Ongoing compliance
		The process for the development of documented individual accommodation plans will include the following elements:	
		1. The manner in which an employee requesting accommodation can participate in the development of the individual accommodation plan.	
		2. The means by which the employee is assessed on an individual basis.	
		3. The manner in which Genesco can request an evaluation by an outside medical or other expert, at Genesco's expense, to assist Genesco in determining if accommodation can be achieved and, if so, how accommodation can be achieved.	
		4. The manner in which the employee can request the participation of a representative from the workplace in the development of the accommodation plan.	
		5. The steps taken to protect the privacy of the employee's personal information.	
		6. The frequency with which the individual accommodation plan will be reviewed and updated and the manner in which it will be done.	
		7. If an individual accommodation plan is denied, the manner in which the reasons for	

		the denial will be provided to the employee.	
		8. The means of providing the individual accommodation plan in a format that takes into account the employee's accessibility needs due to disability.	
		If requested, information regarding accessible formats and communication supports provided will also be included in individual accommodation plans, in accordance with the Accessible Formats and Communication Supports for Employees Standard (s. 26).	
		Additionally, the plans will include individualized workplace emergency response information (where required) and will identify any other accommodation that is to be provided, in accordance with the Workplace Emergency Response Information Standard (s. 27). Finally, individual accommodation plans will identify any other accommodation that is to	
		be provided.	
Return to Work Process – s. 29	By January 1, 2016	Genesco will develop and maintain a documented return to work process for its employees who have been absent from work due to a disability and who require disability-related accommodations in order to return to work.	Ongoing compliance
		The return to work process will, as part of the process, outline the steps that Genesco will take to facilitate the return to work and will include documented individual accommodation plans.	
		Genesco notes that this return to work process will not replace or override any other return to work process created by or under any other statute (for example, the Workplace Safety Insurance Act, 1997).	

	Performance Management (s. 30), Career Development and Advancement (s. 31), and Redeployment (s. 32)	By January 1, 2016	Genesco will take into account the accessibility needs of employees with disabilities, as well as individual accommodation plans, when conducting performance management, providing career development and advancement to employees, or when redeploying employees.	Ongoing compliance
Information & Communication	Accessible formats and communication supports – s. 12	By January 1, 2016	Upon request, Genesco will provide or arrange for accessible formats and communication supports for persons with disabilities in a timely manner that takes into account each person's accessibility needs due to disability and at a cost that is no more than the regular cost charged to other persons. Genesco will consult with the person making the request for accessible formats or communication support when determining the suitability of an accessible format or communication support. Genesco will advise the public about the availability of accessible formats and communication supports through a notification on our company website.	Ongoing compliance
